ECOMAX GENTLE

Hand Soap

Description

EcoMax Gentle is a soap for washing hands for general use based on a blend of synthetic detergents, wetting agents and perfume. Its effective surfactant system ensures excellent removal of grease and other debris, once removed the emulsification and stability of the emulsion. The product produces a rich lather which moisturizes and contributes to skin care.

EcoMax Gentle has been formulated with a fresh, pleasant fragrance specially designed for areas where it will be used. Especially recommended for use in restaurants, schools, shops, sports institutions, public buildings, etc.

Features and benefits
